

Environmental Policy Statement

Wenita is committed to being a well-managed, environmentally responsible plantation forest owner and producer of forest products.

Underpinning that objective is a commitment to:

- **Sustainable forest management.**

Wenita will achieve sustainable and responsible forest management through a focus on:

- providing a safe and healthy working environment
- managing and controlling the environmental and social effects of its operations
- compliance with international, national and local statutory requirements and industry best-practice standards including the Forest Stewardship Council (FSC) Principles and Criteria
- consulting with tangata whenua and other affected stakeholders
- continuing employee and contractor training
- protecting the forest against illegal activities
- the prevention and control of pollution, fire, pests and diseases

- **The protection and management of cultural and historical sites, areas of significant indigenous habitat and endangered species.**

- **A Process of continual improvement**

As part of a process of continual improvement, Wenita will annually review the adequacy and completeness of its environmental management system, its policy statement, targets and objectives.

David Cormack

CHIEF EXECUTIVE OFFICER
